John Avlon Endorsed Kamala Harris For President Following Joe Biden's Departure From The Race In 2024. "Yesterday was a day for honoring President Joe Biden's historic presidency and his selfless decision to step aside from this election. Today is the day to pass the torch to a new generation, as Democrats unite around Vice President Harris as our nominee in the 2024 election. I am proud to join them." A Key Tenant Of Kamala Harris' 2020 Presidential Campaign Agenda Was To "End Our Country's Cash Bail System." "As Senator, Kamala has championed sentencing reform and introduced bipartisan legislation to end our country's cash bail system. As president, Kamala will continue to fight for end-to-end criminal justice reform. To ensure accountable and constitutional policing, she will double the civil rights division, renew and expand pattern and practice investigations, enforce consent decrees, and support legislation to end racial profiling." - **In The Full Outline Of Her Criminal Justice Policy Proposal, Harris Flatly Calls For An End To Cash Bail.** "End money bail. Our bail system is unjust and broken. 450,000 Americans sit in jail today awaiting trial because they cannot afford to pay bail. Excessive cash bail disproportionately harms people from low-income communities and communities of color. Black defendants are more likely to be detained before trial and less likely to be able to post bail compared with similarly-situated White defendants. And Black men pay higher bail than similarly-situated White defendants." (Criminal Justice Reform | Full Policy, [Kamala Harris For President](#), Archived 12/3/19)

In 2020, Kamala Harris Praised The Defund The Police Movement

In 2020, Kamala Harris Praised The Defund The Police Movement. “Vice President Kamala Harris voiced support for ‘defund the police’ in a radio interview in June 2020 amidst nationwide protests for police reform, just months before denouncing the movement after she had joined the Biden presidential campaign. Harris said in the June radio interview the movement “rightly” called out the amount of money spent on police departments instead of community services such as education, housing, and healthcare, emphasizing that more police did not equate to more public safety. ‘This whole movement is about rightly saying, we need to take a look at these budgets and figure out whether it reflects the right priorities,’ Harris said on a New York-based radio program “Ebro in the Morning” on June 9, 2020, adding that US cities were ‘militarizing police’ but ‘defunding public schools.’” (Andrew Kaczynski and Em Steck, “Kamala Harris Praised ‘Defund The Police’ Movement In June 2020 Radio Interview,” [CNN](#), 7/27/24)
